HEMSLEY
GLASS SAVER

**FUSS-FREE
MAINTENANCE
FOR YOUR
BATHROOM**

**Less time spent on cleaning and
more time on the things that matter**

TRAPPED WITH GLASS & MIRROR PROBLEMS?

"I need to minimize the watermarks that stain my glass & mirrors."

"Help!!! I want to protect my mirror & glass from scratches."

"Is there a way to bring back the gloss and brilliance to dull mirrors?"

"How can I make my mirror scratch and water resistant?"

"I'm sick of cleaning my shower screen with toxic and harsh cleaning chemicals."

Hemsley Glass Saver - the glass and mirror solution your bathroom needs.

With daily use, glass and mirrors are prone to corrosion and clined to accumulate sediments. These make glass and mirror dull, leaving it with unsightly **water stains, dirt and molds**.

Cleaning and removing these sediments can be **physically demanding and time consuming**, let alone the use of harsh and strong chemicals are not health and environment friendly.

Introducing **Hemsley Glass Saver**, enhance and protect your glass. Less time spent on cleaning and more time on the things that matter.

ENHANCE YOUR GLASS AND MIRRORS

Restore, enhance, protect mirrors and glass with **Hemsley Glass Saver** - a unique patented nanotechnology from the USA.

It's properties allows water and oil to repel on surfaces resulting to numerous benefits.

- **Hydrophobic (Water & Oil Resistant)**
- **Faster and minimal cleanings**
- **Reduction in maintenance costs**
- **Enhance gloss and brilliance**
- **Stain and graffiti resistance**
- **Impact resistance**
- **Scratch resistance**
- **No more harsh chemical cleaners ever (Environment friendly)**
- **Resistance to leaching of calcium and sodium**
- **Reduction in mold and bacteria**

TREATED SECTION

Hydrophobic (Water Resistant)
Resist Corrosion
Easy to Clean
Lasts for Years

RESTORED (UNTREATED)

Visually Clear
Hydrophilic (Water Attracting)
Corrosion will return

GLASS STAGE 1 CORROSION

Alkali Build-up
Water Spots
Haze
